PROFESSIONAL EXPERIENCE

Full Stack Web Developer Intern — NajmiNet Innovations, Morocco · Jul 2026 – Aug 2026

- Built a SaaS accounting platform for Moroccan SMEs from scratch with PHP 8.2, MySQL, Docker and Bootstrap 5.
- Implemented a complete authentication system: registration, login, password recovery and Google OAuth.
- Integrated PayPal checkout through raw cURL (no SDK), with a 14-day free trial and a subscription plan.
- Developed 12 business tools (quotes, products, suppliers and more), each with a dedicated manager class.
- Added multilingual support (Arabic, French, English, Spanish) with full RTL layout.
- Deployed the platform to production hosting and fixed PHP session issues found during migration.
- Source code: github.com/ElFarisssaid19/Najminet

PROJECTS

- **ElevatePro** — Coaching site in React and TypeScript with an EmailJS booking form, in EN, FR and AR (RTL).
- **Tumble Run** — Browser marble-race game with real-time physics (React Three Fiber, Rapier) and 20 levels.
- **Commit Garden** — Turns any GitHub contribution graph into a 3D low-poly garden (Three.js, Vite).
- **Small City** — Browser city-builder game built from scratch with Three.js.
- **3D portfolio** — Interactive portfolio built with React and Three.js, deployed on Vercel.
